HOW HAS YOUR ROLE CHANGED?
THE ROLE OF THE LIBRARY TECHNICIAN IN 2015
1995 VERSUS 2015 CURRICULUM

1995 : A/V Techniques

This course consists of familiarization with equipment operation and simple maintenance of equipment as well as various elements of graphic design and display such as mounting, lamination, and lettering.

2015 : Information and Society

This course examines the central purpose of libraries in society, and how different issues of social responsibility and justice affect libraries.
1995 VERSUS 2015 CURRICULUM

1995: Library Relations

Assisting students to become versatile members of a library staff, this course covers management, planning, staffing and public relations.

2015: Information Resources Management

Students study and examine the governance of libraries, including core values of the library profession, the mission and vision statements, the strategic planning process, and policy development. Change management and project management techniques and principles are used to illuminate key trends affecting libraries and library service.
PURPOSE OF THE RESEARCH — IDENTIFY:

- Major work responsibilities
- New tasks added or changed in past 5 years
- Areas of overlap of roles
- If tension is present between the two professions as a result of the task overlap
- How we can improve workplace dynamics between the two professions

MAJOR CAUSES OF TENSION

- Role Confusion
- Lack of Knowledge
CREATING A HARMONIOUS CULTURE
ENCOURAGING POSITIVE TEAM DYNAMICS (%)
SUGGESTIONS FROM THE RESEARCH

- More focus in library/library technician schools on understanding each other’s roles/interaction between schools.
- Workplace seminars and workshops arranged by library management to discuss roles.
- Library association events on understanding each other’s roles (workshops, conference sessions, social activities, etc.).
- Clearer position descriptions
- Less role delineation: teams involve everyone regardless of role
- Improve communication between groups through formal and informal sharing
- Job shadowing
- Rethink educational divisions
SUGGESTIONS FROM THE RESEARCH

1. Find the group of people with the same idea as you have on your slip.

2. Discuss the suggestions. What are the benefits? How would you implement this in your library? How could it successfully work?
SUGGESTIONS FROM THE RESEARCH

3. Find the group of people with the same number as you have on your slip.

4. Take 1 minute to “sell” your suggestion to the group. Tell them why you think your suggestion would work to create a more positive dynamic, and how you would implement it in your library.
